### **Budget as Operating Plan**

The budget for the City is an Annual Operating Plan serving as the guidebook for the fiscal year. It sets policy, identifies new initiatives and allocates the resources necessary to maintain City services and meet the objectives of the fiscal year. The fiscal year for the City of St. Louis runs from July 1 to June 30. In accordance with state law, the budget must be balanced when adopted.

### **Budget Basis**

The General Fund and most special fund budgets are formulated on a modified accrual basis. Encumbrances, including outstanding purchase orders, are budgeted as expenses but revenues are recognized only when they are actually received. Enterprise fund appropriations including the Airport and Water Divisions are budgeted on a cash basis. Both expenditures and revenues are recognized when actually paid or received. The City's Comprehensive Annual Financial Report (CAFR) accounts for the City's finances according to generally accepted accounting principles (GAAP). This method differs from the budget basis primarily in that revenues are recognized when they are measurable and available as opposed to actually received and expenditures are recognized when the obligation is incurred rather than paid or encumbered. For this reason, the CAFR also contains financial statements expressed on a "budget" basis so that end-of-year results can be compared with the budget.

### **The Budget Process**

- The budget process begins in the fall when the Budget Division issues a request for departmental revenue estimates. The information submitted by the departments will be incorporated into the Budget Division's initial revenue estimate for the coming fiscal year.
- At the same time the department heads are asked to identify any new initiatives or programs so that they may be included in the budget planning process.
- In January, having arrived at a preliminary revenue estimate for the coming fiscal year and incorporating any new initiatives or areas that will experience an increase in costs, the Budget Division issues budget allocations to departments.
- Departments respond by submitting their budget requests and service level information to the Budget Division.
- In February, the Budget Division holds budget meetings with the departments and the administration to discuss budget requests and, where necessary, reconcile discrepancies between allocations and requests.
- Revenue estimates are continually updated throughout this period. In March, departmental budget proposals are adjusted to reflect the latest revenue projections.

## **BUDGET PROCESS**

---

- In April, the Budget Division prepares the budget document and submits its proposed budget to the Board of Estimate and Apportionment (E&A), comprised of the Mayor, the Comptroller and the President of the Board of Aldermen. The Board of E&A reviews the proposed budget, holds hearings with departments and conducts a public hearing at which citizens may voice their concerns. Following the hearings, the Board of E&A may recommend changes to the proposed budget.

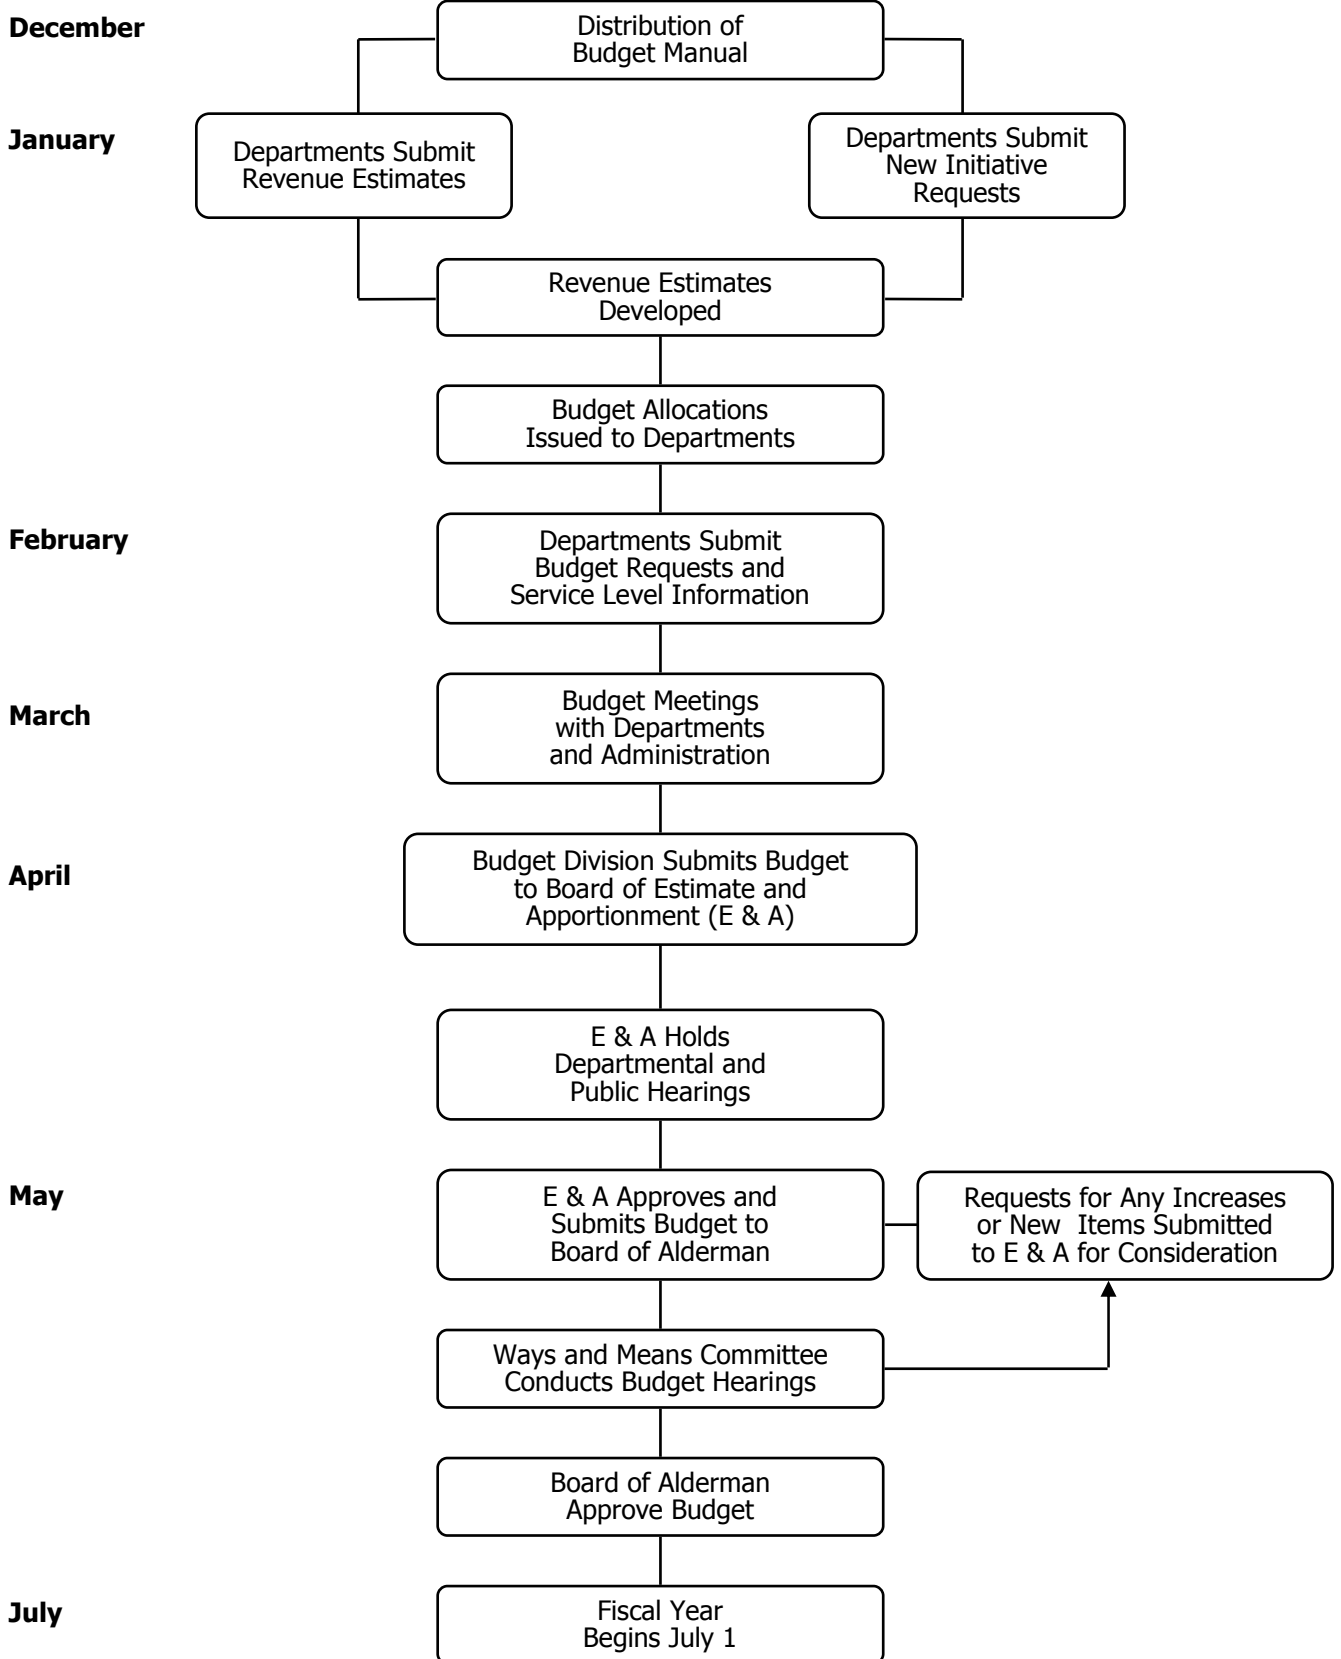

### **Next Steps - Charter Requirements**

- The Board of E&A must submit its proposed budget to the Board of Aldermen not less than 60 days prior to the beginning of the fiscal year, or May 1.
- During May and June, the Ways and Means Committee of the Board of Aldermen conducts public hearings on each segment of the proposed budget prior to taking any action. The proposed budget is reviewed and then considered by the Board of Aldermen.
- The Board of Aldermen may reduce the amount of any item in a budget bill, except amounts fixed by statute or ordinance obligations. The Board of Aldermen may not increase any appropriation amount nor insert new items unless specifically approved by the Board of E&A. (As a general rule, should increases for particular items be desired, the Ways and Means committee will submit a list of items for the Board of E&A to consider, with which it may or may not agree.)
- If the Board of E&A does not submit its proposed budget to the Board of Aldermen by May 1, the Budget Director would be required to submit a budget directly to the Board of Aldermen.
- If the Board of Aldermen does not approve a budget by the beginning of the fiscal year, the proposed budget by the Board of E&A or, in its absence, the submission by the Budget Director, shall be deemed to have been approved by the Board of Aldermen.

### **Budget / Operating Plan Administration**

- As needs arise during the fiscal year, limited transfers within or among departments or funds may occur with approval of the Board of Estimate and Apportionment. Any accruing or unappropriated City revenue may be appropriated by ordinance recommended by the Board of E&A and passed by the Board of Aldermen.

### **General Discussion**

The City of St. Louis is authorized to issue general obligation bonds, payable from unlimited and ad valorem taxes to finance capital improvements, upon a two-thirds majority vote of the qualified voters voting on the specific proposition. The Missouri Constitution provides that the amount of bonds payable out of tax receipts (which includes bonds payable from special assessments) shall not exceed 10% of the total assessed valuation of the taxable property of the City. The Constitution permits the City to become indebted for an additional 10% of the value of the taxable tangible property for the purpose of acquiring a right-of-way, constructing, extending and improving a sanitary or storm sewer system. The City is also authorized to issue revenue bonds to finance capital improvements to its water system, sewer system, and airport facilities. These types of revenue bonds require a two-thirds vote of the qualified electorate voting on the specific proposition.

The City is also authorized to issue revenue bonds to finance capital improvements to its water system, sewer system, and airport facilities. These types of revenue bonds require a two-thirds vote of the qualified electorate voting on the specific proposition.

All revenue bonds issued by the City are payable solely out of the revenue derived from the operation of the facility that is financed from the proceeds of such bonds. Revenue bonds do not pledge the full faith and credit of the City in servicing the bonded indebtedness and such bonds are not considered in determining the legal debt margins resulting from the limitations described above.

The City is also authorized by statute to issue "Tax Increment Financing" obligations pertaining to development projects. Such obligations are secured by increments of revenues attributable to property and other taxes generated by improvements to the project area and may also be secured by annual appropriations from the City's General Fund. The City's potential general fund obligation has been limited to two TIFs to date and only one of these has debt still outstanding. In 2007, the City issued \$16,961,000 in TIF bonds for the One City Centre Redevelopment Project and this financing was redeemed and replaced with special obligation redevelopment bonds in 2010. These notes are secured by general revenues in addition to incremental revenues. No payments from the general fund from this project are anticipated in FY16.

### Outstanding Debt and Lease Obligations

In addition to those financing mechanisms already discussed, the City uses capital leases as a means of financing major development and construction projects. The City's total outstanding debt and lease obligations as of June 2015 will be approximately \$1.8 billion. This total includes \$389.4M in TIF and special revenue bonds, most of which are backed solely by project revenues. This amount also includes \$31.4M in Section 108 (HUD) loan guarantees for the convention center hotel and Hope VI housing development projects. As illustrated below, just under 50% of the City's total debt is in the form of revenue bonds issues primarily by the Airport and to a lesser extent, the Water and Parking Divisions.

### General Obligation and Revenue Bonds

Payments on general obligation debt are made from ad valorem property tax and license receipts. In 1999, the City issued \$65 million in general obligation bonds. With the bond proceeds, the City's Fire Department replaced its existing fire fighting fleet and conducted renovations to its firehouses. The St. Louis Police Department received funds to upgrade its crime lab and make improvements to its headquarters building on Clark Street. The bonds also provided \$11 million for the demolition of abandoned and derelict buildings throughout the City. An additional \$13.0 million in G.O. debt was issued in 2006 to provide matching funds for road and bridge projects, floodwall improvements and public safety communications systems. Another debt instrument known as revenue bonds are limited obligations of the City payable solely from the revenues of the department or facility financed by the bonds. By far the largest component of debt in this or any other debt category are the revenue bonds related to the Airport expansion and various improvement projects.

### Capital Leases

The City has a number of outstanding lease-purchase agreements which can be characterized as capital leases. In capital lease financing, a non-profit authority issues debt to fund a project. This debt is secured by lease payments to the authority by a municipality leasing the project or equipment that is being financed. A list of the City's major existing agreements is presented below.

### Capital Leases (continued)

While General Obligation debt is funded through property tax revenues and revenue debt is paid through the revenues of the project being financed, capital lease debt does not specifically have a dedicated revenue source for making lease payments. These payments are generally obligations of the City's General Fund. In as much as possible, the City has sought to lessen this burden on the general fund by pursuing new sources of revenue that may directly or indirectly be linked to the particular project being financed. The southern expansion of the convention center for instance, was accompanied by the successful propositions of a 1/2 cent restaurant tax and a hotel sales tax, with the idea that these two industries are the most likely beneficiaries of increased convention activity. The civil courts building improvement financing was followed by the imposition of a fee on court cases to help offset the cost of debt service. Likewise, the debt service on the Justice Center is being funded in part by reimbursements the City receives from the state for holding prisoners charged with state criminal violations.

Police Department, Forest Park and Recreation leases are funded utilizing sales tax proceeds and other revenues dedicated to those departments. In 2007 and 2008, the City issued \$158M in pension bonds supported in part by a new 1/2 cent public safety sales tax approved by voters in February, 2008. Issues related to Recreation Center construction and Police Capital Improvements were also issued last year utilizing sales taxes dedicated for those purposes. In May, 2014 the City issued a \$26M Parks Improvement Revenue Bond issue utilizing 1/2 cent capital improvement sales tax and metro parks sales tax receipts as funding. Over half of the lease debt service requirements of \$67 million in FY16 are supported by direct and indirect sources of revenue. Below are debt service requirements for the ensuing fiscal year. From time to time, when economically viable, refinancing of some of these issues may occur.

### Tax Increment Financing Projects

Tax Increment Financing (TIF) is a funding mechanism used to support financing of development projects. In a TIF financing, bonds are issued to finance infrastructure and other improvements related to a development project. A portion of the incremental tax revenues resulting from the development are then dedicated to service the debt. In most instances, the debt remains an obligation of the developer and debt service is dependent solely on the incremental taxes to be generated by the project. The City's first TIF project known as St. Louis Marketplace and a more recent project for One City Centre were unique in that City general revenue is to be made available should there be any shortfall in project revenue. So, while the outstanding debt table listed earlier includes all outstanding TIF debt and with the Marketplace debt retired in FY11, only the One City Centre debt (refinanced in 2010 as special obligation redevelopment bonds, known as TIF project 600 Washington) remains a potential obligation of the City. Listed below are outstanding estimated debt totals as of the end of FY14 for those TIF projects that have issued debt.

## CITY DEBT

---

In November, 2005, City voters approved additional general obligation debt of \$13 million. Issued in 2006, the total outstanding general obligation debt at the end of FY15 will total \$23.5 million. In total, the City remains well under the 10% cap established by the Missouri Constitution. Direct debt supported by property tax levies and City general and capital fund revenue totals \$1,817 per capita. Adding outstanding revenue bonds (primarily Airport) brings the debt per capita to \$4,323. The City's ability to manage its finances and maintain positive fund balances are key to the City's debt issuance policy. On May 19, 2008, Standard and Poor's Ratings Service upgraded the City's credit rating from A to A+ with a stable outlook and Fitch Ratings upgraded its rating from A- to A, which was recalibrated to AA- in 2010. Moody's Investors Service upgraded its rating on City debt from A3 to A2 on May 27, 2008, which was recalibrated to Aa3 in 2010. Each of these ratings has been reaffirmed in recent years.

These improved ratings allow the City to borrow money at lower interest rates, thus resulting in decreased borrowing costs. These ratings also serve as a positive indicator for companies and investors looking to do business in the City of St. Louis. The City is currently in the process of evaluating its long term capital improvement needs with options for financing including a potential general obligation bond issue proposal in 2015.

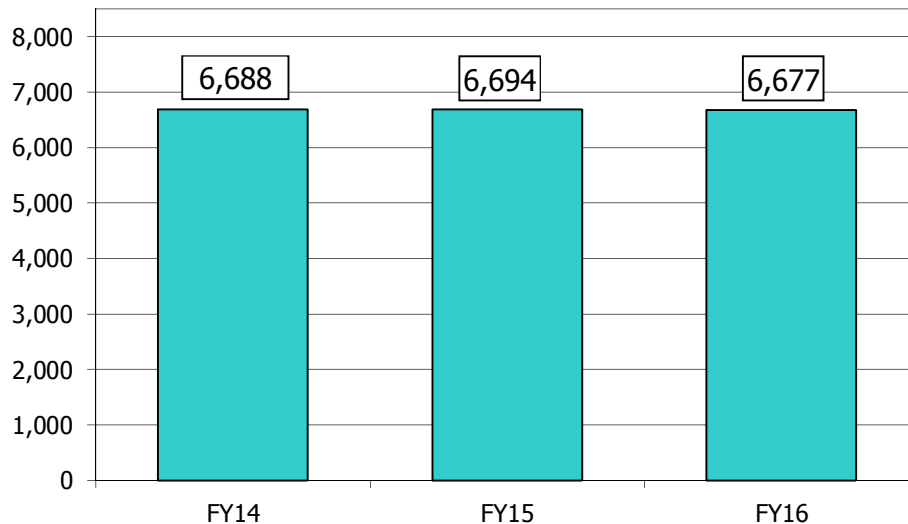

The following table highlights the City's current rating among comparable investment grade ratings of the three major rating agencies.

### PERSONNEL TOTALS FY14 - FY16

### Personnel Trends FY14 - FY16

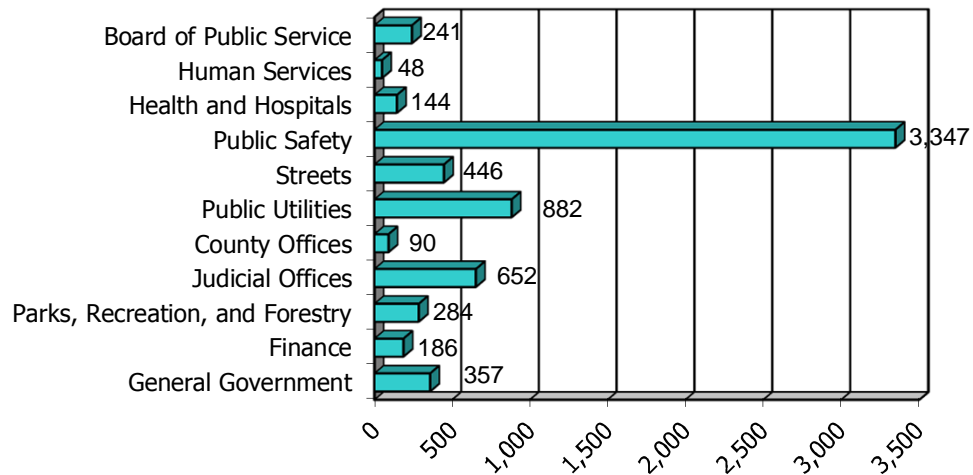

The budget for FY2016 proposes that personnel totals will remain primarily flat with a net decrease in staffing of 16 positions in all funds. The General Fund has a net increase of 5 positions with decreases in the Comptroller's Office related to reorganization of the audit unit and the elimination of vacant positions in the Refuse Division offset by an increase of 4 positions in the Director of Public Safety's Office related to the Civilian Review Board and miscellaneous increases scattered among other departments. The increase of 5 positions in the City Marshal is due to a transfer and reclassification of 5 positions from the Police Department. In addition, in FY16, the Circuit Court will assume responsibility for the Board of Jury Supervisors, including its 8 positions. The Police Department will increase by 5 uniformed positions due to requirements for grant matches.

Among other General Fund positions, decreases in Personnel, Probation and Juvenile and the City Courts have been offset by increases in ITSA, the Parks Director, Medical Examiner, Streets, ESD and the Circuit Attorney.

Among special funds, there is a net decrease of 1 position. Among enterprise funds, the Airport will decrease by 2 positions. There is a net decrease of 18 grant funded positions. Departments with major decreases include the Community Development Administration, Communicable Disease Control and the grant-funded units of the Police Department. The Fire Department will continue to take advantage of the 2011 SAFER Grant to fund 20 firefighters until its expiration later this year.

## CITY OF ST. LOUIS , MISSOURI CITY PROFILE

### City Narrative

The City of St. Louis is located on the Mississippi River, the eastern boundary of the State of Missouri, just below its confluence with the Missouri River.

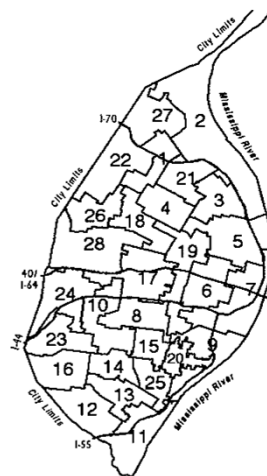

The City occupies 61.74 square miles of land and its area has remained constant since 1876. The City, a constitutional charter city not part of any county, is organized and exists under and pursuant to its Charter and the Constitution and laws of the State of Missouri.

The City is popularly known as the "Gateway of the West," due to its central location and historic role in the nation's westward expansion.

Commemorating this role is the 630 foot stainless steel Gateway Arch, the world's tallest man made monument, which is the focal point of the 86 acre Jefferson National Expansion Memorial on the downtown riverfront.

While the City was originally incorporated as a town in 1809 and a city in 1823, the current City charter was adopted in 1923 by the electorate.

## **GLOSSARY**

---

### **Accrual Basis of Accounting**

Accounting method where revenues and expenditures are recognized when incurred as opposed to actually received or paid. The City's general fund and most special fund budgets use a modified accrual basis where encumbrances, including outstanding purchase orders, are budgeted as expenses but revenues are recognized only when they are actually received. (see also cash basis of accounting)

### **Affordable Housing Trust Fund**

Fund created in 2001 from a portion of receipts of the local use tax. Funds are dedicated to providing for the development and preservation of affordable and accessible housing in the City. Loan and grant programs are administered by the Affordable Housing Commission. In November 2002, City voters replaced the existing local use tax with a new local use tax. Under a new allocation formula, a total of \$5.0 million per year is to be allocated to the Affordable Housing Trust Fund.

### **Airport, City of St. Louis**

An enterprise fund used to account for the revenues and expenses of Lambert-St. Louis International Airport. The Airport is owned by the City of St. Louis and operated by an Airport Commission. The use of Airport revenues, derived primarily from airline payments for use of the facilities, parking fees and interest earnings, are limited to purposes of the Airport.

### **Aldermen, Board of**

28 elected individuals representing the 28 wards of the City and a President elected citywide who make up the City's legislative body.

### **Appropriation**

A legal authorization to make expenditures and incur obligations for specific purposes.

### **Assessment**

The valuation of property for the purpose of taxation.

### **Assessment Fund**

Fund which supports the operations of the Assessor's office.

### **Balanced Budget**

A budget in which resources available for appropriation equal planned expenditures.

### **Battered Persons Shelter Fund**

Established by ordinance in 1992, the Battered Persons Shelter fund is used solely for providing operating expenses for shelters for battered persons. The fund is supported by a \$1.00 fee imposed on municipal ordinance violations cases filed in municipal court.

### **BJC / City Trust Fund**

Fund used to account for operating and maintenance costs for Forest Park, funded through lease revenues from Barnes-Jewish Community Hospital.

### **Bond Issue**

Debt instrument used to fund large capital projects or other obligations for a period of more than one year. The debt is typically repaid following a fixed schedule of principal and/or interest payments over the term of the debt issued.

# GLOSSARY

---

## **Budget**

A financial plan based on anticipated revenues and expenditures for a given period.

## **Budget Transfer**

The act of moving appropriated funds from one expenditure account to another. The budget transfer is used to adjust the budget to meet changes in planned expenditures that may occur during the fiscal year.

## **Building Demolition Fund**

Fund established to finance the demolition and board-up of dangerous buildings. The Building Demolition Fund is funded through a fee of \$2.00 per \$1,000 estimated value of any building permit issued by the City.

## **Capital Improvements Fund**

Fund for long-term improvements and maintenance of the City's infrastructure and/or acquisition of equipment or property for public use.

A document prepared each year concurrently with the City's annual budget that identifies planned capital improvement expenditures and resources available to fund those expenditures over the next five years.

## **Capital Improvement Expenditures**

Any action or expenditure taken or made to replace, install, refurbish, rehabilitate, reconstruct, update or otherwise improve the City's public infrastructure, including but not limited to, roads, bridges, parks and other public places, sidewalks, arterial streets, alleys and municipal buildings and efforts or expenditures taken or made to improve the quality of the City's fleet of rolling stock or other major equipment items.

## **Capital Improvement Sales Tax Trust Fund**

Fund established for revenues received from the one-half cent sales tax for capital improvements. This fund consists of the following five accounts: Ward Capital Improvements Account (50%), Major Park Capital Improvements Account (17%), Recreation Center Capital Improvements Account (3%), Citywide Capital Improvements Account (20%) and Police Department Capital Improvements Account (10%).

## **Capital Lease Debt**

A form of financing where a non-profit authority issues debt to fund a project. The debt is secured by lease payments to the authority by the municipality leasing the project or equipment that is being financed.

## **Cash Basis of Accounting**

Accounting method where revenues and expenses are recognized when actually received or paid. The City's enterprise funds are budgeted on a cash basis. (see also accrual basis of accounting)

## **Child Support Unit (Parent Locator Fund)**

State supported fund through which the Circuit Attorney's Office conducts its program for recovering child support payments.

## **GLOSSARY**

---

### **City Employee Pension Trust Fund**

Fund established by City of St. Louis Ordinance 67815, effective January 27, 2008 used to account for \$13.5M of annual revenues from the City's gross receipts tax on telephone companies. Commencing with the fiscal year beginning July 1, 2008, payments from this fund will be used to pay debt service on Employee Retirement System (ERS) related bond issues and any additional actuarially required contributions to ERS.

### **Communications (Cable) Fund**

Fund established for the purpose of overseeing the cable television and communications industry in the city and establishing and managing a government access channel and necessary studio facilities. The Cable Division is funded through a 5% franchise fee imposed on Cable operators.

### **Community Development Agency**

City agency responsible for planning and implementing the housing and economic development plans of the City of St. Louis. CDA also oversees operation, administration and programmatic and compliance monitoring of the Community Development Block Grant program as well as other federal housing programs.

### **Community Development Block Grant (CDBG)**

A variety of funds received from the Federal Government for providing housing, community and economic development programs to economically distressed neighborhoods and segments of the population. The annual appropriation of CDBG program funds is typically approved in December of each year, separate from the City's overall general budget.

### **Comprehensive Annual Financial Report (CAFR)**

The audited financial report containing statements and reports of the City's financial activity for a given fiscal year.

### **Convention and Tourism Fund**

Fund established to foster and promote the City's convention and tourism industry. Expenditures from the fund are approved by members of the C & T Board consisting of the Mayor, the Comptroller and the President of the Board of Aldermen.

### **Convention and Sports Facility Trust Fund**

Fund established to help pay for the construction of the convention center expansion project. Revenues to the fund consist of the 3.5% gross receipts tax on hotel/motel receipts. These revenues are transferred to the City's General Fund and used to help pay the City's debt on the convention facility.

### **Debt Service**

Expenditures for principal and interest payments on loans, notes and bonds.

### **Debt Service Fund**

Fund used to specifically track payments of principal, interest and expenses on general obligation debt.

### **Department**

Major unit of organization in the City comprised of subunits called divisions.

## **GLOSSARY**
